PARKSIDE ANIMAL HOSPITAL "BIGGEST LOSER" WINNERS!

Parkside Animal Hospital in conjunction with Hill's Pet Nutrition recently held a "Biggest Loser" contest designed to mimic the popular television series, "America's Biggest Loser." Pets seen at Parkside were enrolled in a **customized weight management plan, courtesy of the doctors and staff of Parkside Animal Hospital** for the title of Parkside's Biggest Loser. And the WINNERS are.....

MICKEY and TOOTSIE!

Mickey, a Chihuahua mix, lost over 6 pounds and Tootsie, a chocolate Lab, lost over 20 pounds in just over 3 months. Both weight losses were achieved with **Hill's Pet Nutrition R/D formula**, and diligent efforts of their families to increase activity level and closely monitor their pets with twice monthly weight checks

Other pets in the "Biggest Loser" program were "winners" by achieving weight loss that will help them live healthier lives.

CONGRATULATIONS TO ALL!

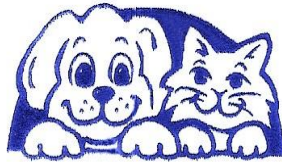

MICKEY and TOOTSIE.. Biggest Loser WINNERS!

Mickey and Tootsie are shown with their families as they received awards from Savannah Craig, D.V.M. of Hill's Pet Nutrition in addition to 6 months of Hills R/D food to help them continue their "winning ways!" **CONGRATULATIONS Tootsie and Mickey!**

February is DENTAL HEALTH MONTH

Dental and periodontal disease is common, affecting 80% of adult dogs and cats and causes more than bad breath and bleeding gums.

Dental health isn't just about teeth.. it's about HEALTH!

Heart, liver, kidneys and other organs are adversely affected.

Periodontal disease:

- causes extreme pain,
- Decreases quality of life
- Decreases your pet's life span.

At Parkside Animal Hospital, we have invested in some of the newest and most effective tools and training to maximize your pet's dental/periodontal health. We practice **ADVANCED DENTISTRY!**

A dental and periodontal treatment for your pet is much more than just a cleaning, and incredibly more than brushing your pet's teeth. A treatment at Parkside Animal Hospital is a total evaluation and individually designed treatment plan for improvement in your pet's dental and overall health.

A dental examination is part of every examination done at Parkside Animal Hospital.

Please call to schedule your pet's dental evaluation. A detailed estimate will be provided. Space is limited, so please call today!
